## NO MORE CONCEALING BRYAN TO PRESIDENT

Those Withholding Information of  
Yellow Fever Cases  
Congratulates Chief Executive Upon  
Result at Portsmouth.

### WILL BE PROSECUTED REGULATION BOARD.

Patients When Found Are to Be Sent  
to Emergency Hospital and to  
Jail Go Those Suppressing  
Knowledge of Same.

New Orleans, Sept. 15.—Annoyed by the constant digging up of cases of yellow fever Thursday, which added to the difficulty of stamping out the disease here, Dr. White has served notice on the public that he and his staff hereafter will relentlessly prosecute those who may be guilty of suppressing cases. The attitude of the Federal authorities heretofore has been one of benevolent tolerance to the shortcomings of certain elements of the community, but since the appeals continued to go unregarded, resulting in a menace to the whole community, sterner measures have been decided upon. The service is now investigating several reports of cases where fever is being concealed, it is claimed, and no physicians called in. The patients will be sent to the emergency hospital and those who are responsible for failure to report will be jailed.

The increase of new cases has caused no alarm, because physicians are treating cases so skillfully few deaths result. Their efforts are being forwarded by the mildness of the type the fever has now assumed, but the fact that new foci are constantly appearing is discouraging because it means the prolongation of the scientific siege to overcome the disease.

Advices from Tallulah and Lake Providence are again more cheerful. The situation at both places is being steadily helped by the exodus of those who can get away, a movement which the doctors are encouraging.

Elsewhere in Louisiana there is improvement in the situation, with very slight spread of infection to new points. Leesville, however, was in a class of its own, with a total of forty-nine deaths, until two days ago, with many still sick and with sufferers in need of delicacies to help along recovery.

Baton Rouge has had only one case to date, but has suffered as severely as if she had 100.

Great interest has been worked up in the diamond festival for the yellow fever fund, scheduled to take place Saturday, and if the weather is favorable the affair will be a great success. An immense blackboard has been prepared upon which there will be printed in large letters the message which President Roosevelt promised to send. Nine new cases and two deaths in yellow fever ward up to noon Friday.

#### FIVE AT CINCINNATI.

That Number of Yellow Fever Sus-  
pects Come From the South.

Cincinnati, Sept. 15.—At least five persons suspected of having yellow fever arrived here over the Queen and Crescent line Friday at an early hour. Those held are Mrs. Roan, Mrs. Stone, Tallulah, La.; Walter Smith and Miss Stockner, Lake Providence, La. The train consisted of 200 refugees from those two places who are fleeing from yellow fever. An ambulance was sent to the train to meet the patients. They were taken to a branch hospital. The remainder was permitted to continue on their journey. Fifty of the party arrived here absolutely penniless, though carrying considerable hard baggage.

#### One Death, Three New Cases.

Pensacola, Fla., Sept. 15.—A Greek named Noaces died from yellow fever. J. L. Johnson and Florida Myles, both negroes, and Albert White, a bank clerk, new cases reported Friday noon.

#### EMPRESS ENTERTAINS.

Miss Alice Roosevelt and Other Amer-  
ican Ladies Received in Audience.

Pekin, Sept. 15.—Miss Alice Roosevelt, Mrs. Rockhill, wife of the American minister; Mrs. Newlands, wife of United States Senator Newlands, and other ladies of Miss Roosevelt's party, went to the summer palace Wednesday and spent the night. Thursday they were received in formal audience by the dowager empress. Mrs. Rockhill, who was first presented to the empress, introduced Miss Roosevelt first. The empress moved among the visitors, chatting informally and presenting them with handsome gifts of bracelets and rings. This was followed by an inspection of the grounds of the summer palace. The whole visit was remarkable on account of the absence of formality. Returning to Pekin in the evening most of the party attended an "at home" at the German minister's residence, where General Corbin and wife and Senator Newlands and wife were guests.

#### Cholera Status.

Berlin, Sept. 15.—An official bulletin announces eight new cases of cholera and three deaths in the twenty-four hours ending at noon Friday, making a total of 190 cases and sixty-eight deaths.

Nebraska Favors Referring Every  
Question of an International  
Character to an Organi-  
tion of This Kind.

Lincoln, Neb., Sept. 15.—A letter addressed to President Roosevelt from Hon. W. J. Bryan, in which a plan for permanent peace is suggested, was made public here. Mr. Bryan congratulates the president on his success in bringing Russia and Japan together, and says:

"Why not ask congress for authority to submit all international questions (when agreement cannot be reached by parties interested), to an impartial board for investigation and report? Investigation will, in nearly every case, remove the cause of complaint and reconcile the parties. Questions which a nation might be unwilling to submit to arbitration in advance could be settled by investigation by an impartial international board.

"It was a glorious thing to end the war between the Russians and Japanese, but it would have been more glorious to have prevented the war and saved the frightful loss of life. The moral prestige which our nation now enjoys would in all probability enable it to lead a successful peace movement. The congratulations which you have received from the hands of European governments strengthens the chances of success. If the leading nations of the world would enter into an agreement to join in the creation of such a board and pledge themselves to submit all disputes to the board for investigation before declaring positively the danger of war would be reduced to a minimum. Few men have had it in their power to do so much for humanity—will you improve the opportunity?"

#### SEVEN DEATHS.

One of Them, However, Does Not Ap-  
pear in the Record.

New Orleans, Sept. 15.—Official report to 6 p. m. Thursday of yellow fever is: New cases, 49; total 2469; deaths, 6; total, 329; new foci, 15; cases under treatment, 216; discharged, 1817.

There was nothing new in the local situation beyond the increase in the number of new cases and deaths. There were really seven yellow fever deaths, but one of them does not appear on the record. It is the case of an Italian, who, in the delirium of his fever, secured a revolver and blew his brains out. Of the other deaths, one occurred at the charity hospital and one at the emergency. One was in Algiers, two up town and the rest down town.

In the country the situation at Tallulah is improv'ing under the management of Dr. Chassagnac and Dr. von Emdorf. The people there have wired the state board of health asking that Dr. Chassagnac be assigned to come there and conduct the situation to the end. This has been referred to Dr. Chassagnac who will determine what his course will be.

Other country cases were: Patterson, twenty cases, two deaths.

Kenner, eight cases, three deaths.  
St. Rose, two cases.  
Barrataria, two cases.  
Clerke Cheniere, one death.  
Sarpy, two cases.  
Berwick, one death.  
Houma, three cases.

#### Refugees Pass Through.

Chattanooga, Tenn., Sept. 15.—A special train from Tallulah and Lake Providence, La., bearing 177 depopulated refugees passed through here Thursday afternoon. They were not allowed to leave the cars, but will stop at points further north, where there is no quarantine.

#### Not Permitted to Stop.

Lexington, Ky., Sept. 15.—Three people ill from yellow fever wanting to get off a Queen and Crescent train were not permitted to do so by the police. The train was carrying 200 refugees from Tallulah and Lake Providence, La. Two physicians were in charge of the patients and were en route to Cincinnati.

#### Mississippi Summary.

Jackson, Miss., Sept. 15.—The Mississippi summary for Thursday is as follows:

Soria City (a suburb of Gulfport), one case discovered by Surgeon Wadsworth; Mississippi City, one new case; Vicksburg, two new cases.

#### Two Deaths, Four New Cases.

Pensacola, Fla., Sept. 15.—Two deaths and four new cases in the report officially announced at the board of health headquarters, all of the new cases being in the infected area.

Chicago Sept. 15.—Strikes have been inaugurated against six more printing firms who refuse to sign eight-hour agreement.

#### Will Extend Line North.

Ardmore, Sept. 15.—H. G. Baker, general counsel of the Missouri, Oklahoma and Gulf railway, announces that his line will be extended north from Wagoner to Afton, seventy miles.

### JUDGE C. C. GARRETT DEAD.

Distinguished Citizen and Jurist Passes Away—Formerly Lived in Bryan.

Judge C. C. Garrett died at his home in Brenham yesterday morning at 7:40 o'clock. Surrounded by loved ones and friends, the end came peacefully. The funeral will be held in that city this afternoon.

Judge Garrett was a native Texan, born about the year 1845 near Independence, but was reared on his father's farm near Brenham, his home at the time of his death. In 1861, though but a boy he obeyed his country's call and remained in the Confederate service until the fall of Richmond and the surrender of Lee. After the close of the war, Judge Garrett returned to his father's home and with determined efforts soon acquired sufficient education to enter Washington and Lee University where he graduated in 1868.

After graduation Judge Garrett taught school for a while, at one time teaching in Bryan with Prof. James. While teaching he studied law and secured license to practice about 1870. From that day till the close of his useful career he was a prominent lawyer, and an eminent jurist. In his home town, Brenham, where he was best known and most loved, he served as alderman, mayor, and filled all other positions of trust and honor that his home could thrust upon him. In his early practice he was county attorney, then county judge of Washington county.

For many years Judge Garrett was a law partner of Judge Seth Shepard, now Judge of the Supreme Court of the District of Columbia. At the time of Judge Shepard's departure from Texas, Judge Garrett was elected district judge of his district, which position he held till his resignation to accept an appointment on the then commission of civil appeals. As an evidence of Gov. Hogg's good judgment in appointing Judge Garrett to this high and most responsible position of trust and honor, Judge Garrett succeeded himself three times and resigned as chief justice not more than thirty days ago on account of continued failing health.

Judge Garrett was held in high esteem, and is universally mourned. Duty well performed was his motto, and many in Bryan remember his untiring efforts in behalf of the A. and M. College while he

Resolutions adopted by L. S. Ross Chapter U. D. C., upon the death of Miss Sallie Johnson:

Whereas, in the inscrutable providence of God, our beloved President, Mrs. J. W. Johnson, has lately been called to pass through the deep waters of affliction in the loss of a precious daughter, and whereas, when the Head suffers the Body suffers with it, therefore be it

Resolved, 1. That L. S. Ross Chapter, U. D. C. hereby assure our dear friend of our heartfelt sympathy in her great sorrow; and while we know that no word of ours can assuage her grief, we unite in prayer that the Divine Hand which wounded, may also bind up the broken heart of the mother, giving her the blessed assurance that "Whom the Lord loveth He chasteneth."

2. That we recognize in the death of Sallie Johnson a loss, not alone to the family in whose happiness she was so great a factor, but to the church of which she was a member, and to the community of young people of which she formed a part, and to whom by her early death, she impressively speaks, saying "Be ye also ready." That these resolutions be recorded in the minutes of the chapter, and sent to the city papers for publication; and that a copy thereof be sent to the bereaved mother.

The other two ran aboard the ferry boat with a crowd in pursuit. One of the men was stabbed by the pursuers and arrangements were being made for a rope when the police came.
